While many programs teach goal setting, this highly rated seminar focuses on the various reasons why military spouses tend to put off personal goals and how to make adjustments to help you achieve your goals. This seminar also provides participants tools to help family members be proactive in goal-setting. Most of all, it's a great way to meet new people and have fun! If you enjoyed the "Getting to Know You" seminar, you will absolutely love this!

Movie Day (June 28th 10:15-12:00)

-Marlin, a clown fish, is overly cautious with his son Nemo, who has a foreshortened fin. When Nemo swims too close to the surface to prove himself, he is caught by a diver, and horrified Marlin must set out to find him. A blue reef fish named Dory –who has a short memory – joins Marlin and complicates the encounters with sharks, jellyfish, and a host of ocean dangers. Meanwhile, Nemo plots his escape from a dentist's fish tank. Rated: G.

Thriving in America (June 29th, 10:30 -11:30)

-This new series is designed to help Coalition family members feel comfortable while living in the United States. In addition to learning about various American customs, participants will have the opportunity to practice conversational English. These sessions are not just for coalition family members – we encourage US family members to participate as well. Join in the first session to learn common American greetings and what to expect on July 4th (United States Independence Day). Find out what's going on in the local area to celebrate.
